1. Introduction and Ethos

- Allington Primary School recognise our statutory responsibility to safeguard and promote the welfare of all children. Safeguarding is everybody's responsibility and all those directly connected (staff, volunteers, governors, leaders, parents, families and learners) are an important part of the wider safeguarding system for children and have an essential role to play in making this community safe and secure.
- Staff working with children at Allington Primary School **will** maintain an attitude of 'it could happen here' where safeguarding is concerned.
- We believe that the best interests of children always come first. All children (defined as those up to the age of 18) have a right to be heard and to have their wishes and feelings taken into account and all children regardless of age, gender, ability, culture, race, language, religion or sexual identity, have equal rights to protection.
- We recognise the importance of providing an ethos and environment within school that will help children to be safe and feel safe. In our school children are respected and encouraged to talk openly. All our staff understand safe professional practice and adhere to our safeguarding policies.
- Our core safeguarding principles are:
 - **Prevention**
 - positive, supportive, safe culture, curriculum and pastoral opportunities for children, safer recruitment procedures.
 - **Protection**
 - following the agreed procedures, ensuring all staff are trained and supported to recognise and respond appropriately and sensitively to safeguarding concerns.
 - **Support**
 - for all learners, parents and staff, and where appropriate specific interventions are required for those who may be at risk of harm.
 - **Working with parents and other agencies**
 - to ensure timely, appropriate communications and actions are undertaken when safeguarding concerns arise.
- Allington Primary School expects that if any member of our community has a safeguarding concern about any child or adult, they should act and act immediately.
- This policy is implemented in accordance with our compliance with the statutory guidance from the Department for Education, 'Keeping Children Safe in Education' 2020 (KCSIE) which requires individual schools and colleges to have an effective child protection policy.

- The policy forms part of our school development plan and will be reviewed annually by the governing body which has responsibility for oversight of safeguarding and child protection systems.
- The Designated Safeguarding Lead and Executive Headteacher will ensure regular reporting on safeguarding activity and systems to the governing body. The governing body will not receive details of individual learner situations or identifying features of families as part of their oversight responsibility.

6. Key Responsibilities

- The members of the governing body have read and will follow KCSIE 2020.
- The school has a nominated governor for safeguarding. The nominated governor will support the DSL and have oversight in ensuring that the school has an effective policy which interlinks with other related policies; that locally agreed procedures are in place and being followed; and that the policies are reviewed at least annually and when required.
- The governing body and leadership team will ensure that the Designated Safeguarding Lead is supported in their role.

6.1 Designated Safeguarding Lead (DSL)

- The school has appointed a member of the leadership team (Carolyn Howson, Headteacher) as the Designated Safeguarding Lead (DSL). The DSL has overall responsibility for the day-to-day oversight of safeguarding and child protection systems in school.
- The school/college has appointed Deputy DSLs who will have delegated responsibilities and act in the DSLs absence:
 - Jenny Young – EHT
 - Emma Burton-Grange- Inclusion Manager
 - Lucy Abbasi – Deputy Headteacher
- Whilst the activities of the DSL may be delegated to the deputies, the ultimate lead responsibility for safeguarding and child protection remains with the DSL and this responsibility will not be delegated.

- The DSL will undergo appropriate and specific training to provide them with the knowledge and skills required to carry out their role. Deputy DSLs are trained to the same standard as the DSL. The DSL and any deputy DSLs training will be updated formally every two years, but their knowledge and skills will be updated through a variety of methods at regular intervals and at least annually.
- The DSL (and deputies) will be provided with sufficient time so they can provide appropriate support to staff and children regarding any new safeguarding and welfare concerns following Covid-19. This may include handling of referrals to integrated social care and working with other agencies where appropriate.
- **It is the role of the DSL to:**
 - Act as the central contact point for all staff to discuss any safeguarding concerns
 - Maintain a confidential recording system for safeguarding and child protection concerns
 - Coordinate safeguarding action for individual children
 - When supporting children with a social worker or looked after children, the DSL should have the details of the child's social worker and the name of the virtual school head in the authority that looks after the child (with the DSL liaising closely with the designated teacher)
 - Liaise with other agencies and professionals in line with KCSIE 2020 and WTSC 2018
 - Ensure that locally established procedures as put in place by the three safeguarding partners (KSCMP), including referrals, are followed, as necessary.
 - Represent, or ensure the school is appropriately represented at multi-agency safeguarding meetings (including Child Protection conferences)
 - Manage and monitor the school role in any multi-agency plan for a child.
 - Be available during term time (during school hours) for staff in the school to discuss any safeguarding concerns.
 - Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and school leadership staff.
 - Ensure adequate and appropriate DSL cover arrangements in response to any closures and out of hours and/or out of term activities.
 - Ensure all staff access appropriate safeguarding training and relevant updates in line with the recommendations within KCSIE (2020)

6.2 Members of Staff

All members of staff have a responsibility to:

- Provide a safe environment in which children can learn.
- Be prepared to identify children who may benefit from early help.
- Understand the early help process and their role in it.
- Understand their school safeguarding policies and systems.
- Undertake regular and appropriate training which is regularly updated.
- Be aware of the process of making referrals to children's social care and statutory assessment under the Children Act 1989.
- Know what to do if a child tells them that he or she is being abused or neglected and understand the impact abuse and neglect can have upon a child.
- Be able to identify and act upon indicators that children are, or at risk of developing mental health issues.
- Know how to maintain an appropriate level of confidentiality.

- Be aware of the indicators of abuse and neglect so that they can identify cases of children who may need help or protection.

6.3 Children and Young People

Children and young people (learners) have a right to:

- Feel safe, be listened to, and have their wishes and feelings taken into account.
- Contribute to the development of school safeguarding policies.
- Receive help from a trusted adult.
- Learn how to keep themselves safe, including online.

6.4 Parents and Carers

Parents/carers have a responsibility to:

- Understand and adhere the relevant school policies and procedures.
- Talk to their children about safeguarding issues with their children and support the school in their safeguarding approaches.
- Identify behaviours which could indicate that their child is at risk of harm including online
- Seek help and support from the school or other agencies.

7. Recognising Indicators of Abuse and Neglect

- All staff in school are made aware of the definitions and indicators of abuse and neglect as identified by Working Together to Safeguard Children (2018) and Keeping Children Safe in Education 2020. This is outlined locally within the [Kent Support Levels Guidance](#).
- Allington Primary School recognise that when assessing whether a child may be suffering actual or potential harm there are four categories of abuse:
 - Physical abuse
 - Sexual abuse
 - Emotional abuse
 - Neglect
 - For further information see Appendix 1.

All members of staff are expected to be aware of and follow this approach if they are concerned about a child: 'What to do if you are worried a child is being abused' 2015

- Members of staff are aware that concerns may arise in many different contexts and can vary greatly in terms of their nature and seriousness. The indicators of child abuse and neglect can vary from child to child. Children develop and mature at different rates, so what appears to be worrying behaviour for a younger child might be normal for an older child.
- It is important to recognise that indicators of abuse and neglect do not automatically mean a child is being abused however all concerns should be taken seriously and explored by the DSL on a case by case basis.
- Allington Primary School recognises that some children have additional or complex needs and may require access to intensive or specialist services to support them.
- Parental behaviors' may also indicate child abuse or neglect, so staff should also be alert to parent-child interactions or concerning parental behaviours; this could include parents who are under the influence of drugs or alcohol or if there is a sudden change in their mental health.
- Children may report abuse happening to themselves, their peers or their family members. All reports made by children to staff will be taken seriously and will be responded to in line with this policy.
- Safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children offsite. Children can be at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence.
- By understanding the indicators of abuse and neglect, we can respond to problems as early as possible and provide the right support and services for the child and their family.
- If deemed necessary by the headteacher or by staff authorised by the headteacher following a concern about a child's safety or welfare, the searching and screening of children and confiscation of any items, including electronic devices, will be managed in line with the school Behaviour Policy and Acceptable Use Policy, which are informed by the DfE ['Searching, screening and confiscation at school'](#) guidance.

8. Child Protection Procedures

- If staff are made aware of a child protection concern, they are expected to:
 - listen carefully to the concern and be non-judgmental.
 - only use open questions to clarify information where necessary, e.g. who, what, where, when or Tell, Explain, Describe (TED).
 - not promise confidentiality as concerns will have to be shared further, for example, with the DSL and potentially Integrated Children's Services.
 - record the concern on a green Welfare Concern form in line with the school's record keeping requirements (see section 9).
 - inform the DSL (or deputy), as soon as practically possible.

- Allington Primary School adheres to the Kent Safeguarding Children Multi-Agency Partnership procedures (KSCMP). The full KSCMP procedures and additional guidance relating to reporting concerns and specific safeguarding issues can be found on their website: <https://www.kscmp.org.uk/>
- Allington Primary School is an [Operation Encompass School](#). This means we work in partnership with Kent Police to provide support to children experiencing domestic abuse.
- Allington Primary School recognise that in situations where there are immediate child protection concerns identified in line with Support Level Guidance, it is NOT to investigate as a single agency but to act in line with KSCMP guidance which may involve multi-agency decision making.
 - The DSL may seek advice or guidance from their Area Education Safeguarding Advisor from the Education Safeguarding Service before deciding next steps. They may also seek advice or guidance from a social worker at the Front Door service who are the first point of contact for Integrated Children's Services (ICS).
- If a child is in immediate danger or is at risk of harm, a request for support will be made immediately to Integrated Children's Services (Front Door) and/or the police in line with KSCMP procedures.
- In most cases, a request for support will be made by the DSL or a deputy. However if the DSL or a deputy is not immediately available to discuss an urgent concern, staff will seek advice from the Education Safeguarding Service or via consultation with a social worker from the Front Door. If anyone other than the DSL makes a referral to external services, they will inform the DSL as soon as possible.
- In the event of a request for support to the Front Door being necessary, parents/carers will be informed and consent to this will be sought by the DSL in line with guidance provided by KSCMP.
 - Parents/carers will be informed unless there is a valid reason not to do so, for example, if to do so would put a child at risk of harm or would undermine a criminal investigation.
- The DSL will keep all early help cases under constant review and consideration will be given to a request for support to the Front Door if the situation does not appear to be improving or is getting worse.
- If, after a request for support or any other planned external intervention, a child's situation does not appear to be improving, the DSL will consider following [KSCMP escalation procedures](#) to ensure their concerns have been addressed and, most importantly, that the child's situation improves. DSLs may request support with this via the Education Safeguarding Service.

9. Record Keeping

- All safeguarding concerns, discussions and decisions, and reasons for those decisions, will be recorded in writing on the school safeguarding Welfare concern form (these are also known as Green Forms) and pass them without delay to the DSL. A body map will be completed if injuries have been observed.
- Child Protection records will record facts and not personal opinions. A body map will be completed if injuries have been observed.
 - If members of staff are in any doubt about recording requirements, they should discuss their concerns with the DSL.

- **Welfare concern forms are kept in the Orange Folders in class, on the board in the staffroom and in the Headteacher and Inclusion Manager's offices. A printable copy is also available on KLZ in the safeguarding section of the policies folder.**
- Records will be completed as soon as possible after the incident/event, using the child's words and will be signed and dated by the member of staff. If there is an immediate concern the member of staff should consult with a DSL before completing the form as reporting urgent concerns takes priority.
- Safeguarding records are kept for individual children and are maintained separately from all other records relating to the child in the school. Safeguarding records are kept in accordance with data protection legislation and are retained centrally and securely by the DSL. Safeguarding records are shared with staff on a 'need to know' basis only.
- All safeguarding records will be transferred in accordance with data protection legislation to the child's subsequent school, under confidential and separate cover. These will be given to the new DSL and a receipt of delivery will be obtained.
- In addition to the child protection file, the DSL will also consider if it would be appropriate to share any information with the DSL at the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue to provide support.

10. Multi-Agency Working

- We recognise and are committed to our responsibility to work within the KSCMP multi-agency safeguarding arrangements. The leadership team and DSL will work to establish strong and cooperative local relationships with professionals in other agencies in line with statutory guidance.
- We recognise the importance of multi-agency working and we are committed to working alongside partner agencies to provide a coordinated response to promote children's welfare and protect them from harm. This includes contributing to KSCMP processes as required, such as, participation in relevant safeguarding multi-agency plans and meetings, including Child Protection Conferences, Core Groups, Strategy Meetings, Child in Need meetings or other early help multi-agency meetings.

11. Confidentiality and Information Sharing

- Allington Primary School recognises our duty to share relevant information with appropriate agencies in matters relating to child protection at the earliest opportunity as per statutory guidance outlined within KCSIE 2020.
- The Data Protection Act 2018 and GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children (KCSIE 2020). DfE "[Information sharing advice for safeguarding practitioners](#)" (2018) provides further detail. This document can be found in the policies folder on KLZ.

- The Headteacher or DSL will disclose information about a learner on a 'need to know' basis.
- Allington Primary School has an appropriately trained Data Protection Officer (DPO) as required by the General Data Protection Regulations (GDPR) to ensure that our school is compliant with all matters relating to confidentiality and information sharing requirements. The school's DPO is Satswana Ltd.
- All members of staff must be aware that whilst they have duties to keep any information confidential, they also have a professional responsibility to share information with other agencies to safeguard children. All staff are aware they cannot promise confidentiality in situations which might compromise a child's safety or wellbeing.

12. Complaints

- All members of the school community should feel able to raise or report any concerns about children's safety or potential failures in the school safeguarding regime. The school has a Complaints Procedure available to parents, learners and members of staff and visitors who wish to report concerns or complaints. This can be found on KLZ and on the school website.
- Whilst we encourage members of our community to report concerns and complaints directly to us, we recognise this may not always be possible. Children, young people and adults who have experienced abuse at school can contact the NSPCC 'Report Abuse in Education' helpline on 0800 136 663 or via email: help@nspcc.org.uk
- Staff can also access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally.
 - Staff can call 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email help@nspcc.org.uk.
- The leadership team at Allington Primary School will take all concerns reported to the school seriously and all complaints will be considered and responded to in line with the relevant and appropriate process.
 - Anything that constitutes an allegation against a member of staff or volunteer will be dealt with in line with section 17 of this policy.

13. Staff Induction, Awareness and Training

- All members of staff have been provided with a copy of part one of 'Keeping Children Safe in Education' (2020) which covers safeguarding information for all staff.
 - School leaders, including the DSL, will read the entire document and all members of staff who work directly with children will access annex A within Keeping Children Safe in Education 2020.
 - All members of staff have signed to confirm that they have read and understood the guidance shared with them. All staff will complete a Google Form to confirm this- this will also be recorded on the single central record.
- The DSL will ensure that all new staff and volunteers (including agency and third-party staff) receive child protection training and information to ensure they are aware of the school internal safeguarding processes as part of their induction. This will be via online training and the safeguarding leaflet found in the front of the orange folder in each class.

- All staff members (including agency and third-party staff) will receive appropriate child protection training to ensure they are aware of a range of safeguarding issues. This training will include online safety and will take place at least annually.
- In addition to specific child protection training, all staff will receive regular safeguarding and child protection updates (this will be achieved by sharing updates via email where appropriate; through the sharing of the CP team newsletter and as part of the information sharing in staff meetings) at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.
- All staff members (including agency and third-party staff) will be made aware of the school expectations regarding safe and professional practice via the staff code of conduct and Acceptable Use Policy (AUP).
- The DSL will provide an annual report to the governing body detailing safeguarding training undertaken by all staff and will maintain up to date register of who has been trained.
- Although the school has a nominated lead for the governing body (Hazel Crittall), all members of the governing body will access appropriate safeguarding training which covers their specific strategic responsibilities on a regular basis.

14. Safer Working Practice

- All members of staff are required to work within our clear guidelines on safer working practice as outlined in the School Code of Conduct. The DSL will ensure that all staff and volunteers have read the child protection policy and Staff Code of Conduct and understand that their behaviour and practice must be in line with it.
- Staff will be made aware of the school behaviour management and physical intervention policies, and any physical interventions/use of reasonable force must be in line with agreed policy and procedures and national guidance.
- All staff will be made aware of the professional risks associated with the use of social media and electronic communication (such as email, mobile phones, texting, social networking). Staff will adhere to relevant policies including Staff Code of Conduct, Acceptable Use Policies, and Social Media.

15. Staff Supervision and Support

17. Safer Recruitment

- Allington Primary School is committed to ensure that we develop a safe culture and that all steps are taken to recruit staff and volunteers who are safe to work with our learners and staff.
- Allington Primary School will follow relevant guidance in Keeping Children Safe in Education 2020 (Section 3 'Safer Recruitment') and from The Disclosure and Barring Service (DBS):

- All members of staff are made aware of the school Whistleblowing procedure. It is a disciplinary offence not to report concerns about the conduct of a colleague that could place a child at risk.
- Staff can access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally.
 - Staff can call 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email help@nspcc.org.uk.
- Allington Primary School has a legal duty to refer to the Disclosure and Barring Service (DBS) anyone who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the

member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left. The DBS will consider whether to bar the person.

- If these circumstances arise in relation to a member of staff at our school, a referral will be made as soon as possible after the resignation or removal of the individual in accordance with advice from the LADO and/or Schools Personnel Service.

19. Safeguarding Children with Special Educational Needs and Disabilities

- Allington Primary School acknowledges that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges as they may have an impaired capacity to resist or avoid abuse. The DSL will work closely with the Inclusion Manager to plan support as required.
- Allington Primary School will ensure that children with SEN and disabilities, specifically those with communication difficulties will be supported to ensure that their voice is heard and acted upon.
- Members of staff are encouraged to be aware that children with SEN and disabilities can be disproportionately impacted by safeguarding concerns, such as bullying and exploitation.
- All members of staff will be encouraged to appropriately explore possible indicators of abuse such as behaviour/mood change or injuries and not to assume that they are related to the child's disability and be aware that children with SEN and disabilities may not always outwardly display indicators of abuse. To address these additional challenges, our school will always consider extra pastoral support for children with SEN and disabilities.

20. Peer on Peer Abuse

- All members of staff at Allington Primary School recognise that children are capable of abusing their peers. Allington Primary School believes that abuse is abuse and it will never be tolerated or passed off as 'banter', 'just having a laugh' or 'part of growing up'. All victims will be taken seriously and offered appropriate support, regardless of where the abuse takes place.
- We recognise that peer on peer abuse can take many forms, including but not limited to:
 - bullying (including cyberbullying)
 - physical abuse which can include hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm
 - sexual violence and sexual harassment
 - 'upskirting', which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
 - Nude or semi-nude image sharing (also known as 'sexting' or youth produced/ involved sexual imagery)

- initiation/hazing type violence and rituals.
- Staff and leadership recognise that that some peer on peer abuse issues may be affected by gender, age, ability and culture of those involved, (i.e. for gender based abuse, girls are more likely to be victims and boys more likely to be perpetrators) however, all peer on peer abuse is unacceptable and all reports will be taken seriously.
 - In order to minimise the risk of peer-on-peer abuse, we will **provide an age/ability appropriate Citizenship and RSHE curriculum, provide a range of reporting mechanisms e.g. worry boxes, publicised contact details for the NSPCC, access to trusted adults in school including the FLO for support**
- All allegations of peer on peer abuse will be recorded, investigated, and dealt with in line with associated school policies, including child protection, anti-bullying and behaviour.
- Alleged victims, perpetrators and any other child affected by peer on peer abuse may be supported by:
 - Taking reports seriously
 - Listening carefully
 - Avoiding victim blaming
 - Providing appropriate pastoral support
 - Reviewing educational approaches
 - In cases of sexual assault, informing the police and/or Front Door.

19.1 Child on Child Sexual Violence or Harassment

- When responding to concerns relating to child on child sexual violence or harassment, we will follow the guidance outlined in part five of KCSIE 2020 and the DfE guidance [‘Sexual Violence and Sexual Harassment Between Children in Schools and Colleges’](#).
 - If DSLs are unsure how to proceed, advice will be sought from the Education Safeguarding Service.
- It is essential that all victims of sexual violence or sexual harassment are reassured that they are being taken seriously and that they will be supported and kept safe. A victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment or be made to feel ashamed for making a report.
- Immediate consideration will be given as to how best to support and protect the victim and the alleged perpetrator (and any other children involved/impacted).
- When there has been a report of sexual violence or harassment, the DSL will make an immediate risk and needs assessment which will be considered on a case-by-case basis. The risk and needs assessment will be recorded and kept under review and will consider the victim (especially their protection and support), the alleged perpetrator, and all other children and staff and any actions that are required to protect them.
- Reports will initially be managed internally by the school and where necessary will be referred to Integrated Children’s Services and/or the Police.
 - The decision making and required action taken will vary on a case by case basis, but will be informed by the wishes of the victim; the nature of the alleged incident (including whether a crime may have been committed); the ages and developmental stages of the children involved; any power imbalance between the children; if the alleged incident is a one-off or a sustained

pattern of abuse; if there are any ongoing risks to the victim, other children, adult students or staff; and, any other related issues or wider context.

20.2 Nude and/or Semi-Nude Image Sharing by Children

- Allington Primary School recognises that nude and semi-nude image sharing (also known as youth produced/involved sexual imagery or “sexting”) is a safeguarding issue; all concerns will be reported to and dealt with by the DSL (or deputy).
- When made aware of concerns involving nude or semi-nude image taking/sharing involving children, staff are advised to:
 - Report any concerns involving nude or semi-nude image sharing involving children to the DSL immediately.
 - Never view, copy, print, share, store or save the imagery, or ask a child to share or download it – this may be illegal. If staff have already viewed the imagery by accident (e.g. if a child has shown it to them), this will be immediately reported to the DSL.
 - Not delete the imagery or ask the young person to delete it.
 - Not say or do anything to blame or shame any children involved.
 - Explain to child(ren) involved that they will report the issue to the DSL and reassure them that they will receive appropriate support and help.
 - Not ask the child or children involved in the incident to disclose information regarding the imagery and not share information about the incident with other members of staff, the child(ren) involved or their, or other, parents and/or carers. This is the responsibility of the DSL.
- DSLs will respond to concerns as set out in the non-statutory UKCIS guidance: [Sharing nudes and semi-nudes: advice for education settings working with children and young people](#)’ (Updated December 2020) and the local [KSCMP](#) guidance: “Responding to youth produced sexual imagery”
 - the DSL will hold an initial review meeting with appropriate staff and will speak with the children involved if appropriate.
 - parents and carers will be informed at an early stage and involved in the process to best support children, unless there is good reason to believe that involving them would put a child at risk of harm.
 - a referral will be made to ICS and/or the police immediately if:
 - the incident involves an adult (over 18).
 - there is reason to believe that a child has been coerced, blackmailed or groomed, or there are concerns about their capacity to consent (for example, age of SEND).
 - the image/videos involve sexual acts and a child under the age of 13, depict sexual acts which are unusual for the child’s developmental stage, or are violent.
 - a child is at immediate risk of harm owing to the sharing of nudes and semi-nudes.
 - All decisions will be recorded in line with our child protection procedures and will be based on the consideration of the best interests of any child involved. The DSL may choose to involve other agencies at any time if further information/concerns are disclosed at a later date.

If DSLs are unsure how to proceed, advice will be sought from the Education Safeguarding Service.

21. Gangs, County Lines, Serious violence, Crime and Exploitation

- Allington Primary School recognises the impact of gangs, county lines, serious violence, crime and exploitation. Any concerns regarding gangs, county lines, serious violence, crime and exploitation will be reported and responded to in line with other child protection concerns.
 - The initial response to child victims is important and staff will take any allegations seriously and work in ways that support children and keep them safe.

- All staff have been trained and recognise the need to be vigilant for the signs that may include, but not exclusively:
 - Unexplained gifts/new possessions – these can indicate children have been approached by/involved with individuals associated with criminal networks/gangs.
 - Children who go missing for periods of time or regularly come home late
 - Children who regularly miss school or education or do not take part in education
 - Change in friendships/relationships with others/groups
 - Children who associate with other young people involved in exploitation
 - Children who suffer from changes in emotional well-being
 - Significant decline in performance
 - Signs of self-harm/significant change in wellbeing
 - Signs of assault/unexplained injuries

22. Mental Health

- All staff will be made aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Staff are aware of how children's experiences, can impact on their mental health, behaviour and education.
 - Staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.
- If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken by speaking to the DSL or a deputy.

23. Online Safety

- It is recognised that the use of technology presents challenges and risks to children and adults both inside and outside of school. We will empower, protect and educate the community in their use of technology and establish mechanisms to identify, intervene in, and escalate any incident where appropriate.
 - The DSL has overall responsibility for online safeguarding within the school but will liaise as necessary with other members of staff.
- Allington Primary School identifies that the breadth of issues classified within online safety is considerable, but can be categorised into three areas of risk:
 - content: being exposed to illegal, inappropriate or harmful material; for example, pornography, fake news, racist or radical and extremist views;
 - contact: being subjected to harmful online interaction with other users; for example, commercial advertising as well as adults posing as children or young adults; and
 - conduct: personal online behaviour that increases the likelihood of, or causes, harm; for example, making, sending and receiving explicit images, or online bullying.
- We use a wide range of technology. This includes computers, laptops, tablets and other digital devices, the internet and email systems.
 - All school owned devices and systems will be used in accordance with our acceptable use policies and with appropriate safety and security measures in place.

- Allington Primary School recognises the specific risks that can be posed by mobile technology, including mobile phones and cameras. In accordance with KCSIE 2020 and EYFS 2017, we have appropriate policies in place that are shared and understood by all members of the community.
 - Further information regarding the specific approaches relating to this can be found in our Online Safety Policy and our Acceptable Use and image use policies which can be found in the policies folder on KLZ within the safeguarding folder.

- We will do all we reasonably can to limit children’s exposure to online risks through our school IT systems and will ensure that appropriate filtering and monitoring systems are in place. Details of our filtering system can be found in the Online Safety Policy.
 - If learners or staff discover unsuitable sites or material, they are required to report the concern immediately to a member of staff.
 - All users will be informed that use of our systems can be monitored, and that monitoring will be in line with data protection, human rights and privacy legislation.
 - Filtering breaches or concerns will be recorded and reported to the DSL and technical staff, as appropriate.
 - Any access to material believed to be illegal will be reported immediately to the appropriate agencies, such as the [Internet Watch Foundation](#) and the police.
 - When implementing appropriate filtering and monitoring, we will ensure that “over blocking” does not lead to unreasonable restrictions as to what children can be taught with regards to online teaching and safeguarding.

- Allington Primary School acknowledges that whilst filtering and monitoring is an important part of school online safety responsibilities, it is only one part of our approach to online safety.
 - Learners internet use will be supervised by staff according to their age and ability.
 - Learners will be directed to use age appropriate online resources and tools by staff.

- Allington Primary School will ensure a comprehensive whole school curriculum response is in place to enable all learners to learn about and manage online risks effectively as part of providing a broad and balanced curriculum.

- We will build a partnership approach to online safety and will support parents/carers to become aware and alert by providing information through existing communication channels such as our official Twitter feed, newsletters and emails to parents. We will highlight current online safety issues to parents via these channels.

- We will ensure that online safety training for all staff is integrated, aligned and considered as part of our overarching safeguarding approach.

- The DSL will respond to online safety concerns in line with the child protection and other associated policies such as anti-bullying and behaviour.
 - Internal sanctions and/or support will be implemented as appropriate.
 - Where necessary, concerns will be escalated and reported to relevant partner agencies in line with local policies and procedures.

Where children are asked to learn online at home in response to a full or partial closure:

- Allington Primary School will ensure any remote sharing of information, communication and use of online learning tools and systems will be in line with privacy and data protection requirements.

- All communication with learners and parents/carers will take place using school provided or approved communication channels; for example, school provided email accounts and phone numbers and/or agreed systems e.g. Google Classroom.
 - Any pre-existing relationships or situations which mean this cannot be complied with will be discussed with the DSL.
- Staff and learners will engage with remote teaching and learning in line with existing behaviour principles as set out in our school behaviour policy, Staff Code of Conduct and Acceptable Use Policies.
- Staff and learners will be encouraged to report issues experienced at home and concerns will be responded to in line with our child protection and other relevant policies.
- When delivering remote learning, staff will follow our Remote Learning Acceptable Use Policy (AUP)
- Parents/carers will be made aware of what their children are being asked to do online, including the sites they will be asked to access.
- Parents/carers will be encouraged to ensure children are appropriately supervised online and that appropriate parent controls are implemented at home.

24. Curriculum and Staying Safe

- Allington Primary School will ensure that children are taught about safeguarding, including online safety, as part of providing a broad and balanced curriculum.
 - We recognise that school plays an essential role in helping children to understand and identify the parameters of what is appropriate child and adult behaviour; what is 'safe'; to recognise when they and others close to them are not safe; and how to seek advice and support when they are concerned.
- Our curriculum provides opportunities for increasing self-awareness, self-esteem, social and emotional understanding, assertiveness and decision making so that learners have a range of age appropriate contacts and strategies to ensure their own protection and that of others.
- Allington Primary School is aware of the most recent communication from the DfE on the mandatory implementation of Relationships Education, Relationships and Sex and Health Education and will ensure that this is embedded into the curriculum.
- Our school systems support children to talk to a range of staff. Children will be listened to and heard, and their concerns will be taken seriously and acted upon as appropriate.

25. The Use of Premises by Other Organisations

Where services or activities are provided separately by another body using the school premises, the Head of School and Governing Body will seek assurance that the organisation concerned has appropriate policies and procedures in place with regard to safeguarding children and child protection and that relevant safeguarding checks have been made in respect of staff and volunteers. Contractors will be asked to provide written assurances as part of their tender and organisations letting the school site will be asked to provide written assurances as part of their

letting agreement If this assurance is not achieved then an application to use premises will be refused.

Visitors to the site who attend during school hours, e.g. organisations providing workshops to promote learning, will be asked to ensure their representatives present their DBS certificates at the school office before gaining access to the school site. Where a DBS certificate is not shown, a member of school staff will accompany the visitor at all times.

26. Security

- All members of staff have a responsibility for maintaining awareness of buildings and grounds security and for reporting concerns that may come to light. Staff will be expected to adhere to any safety arrangements implemented because of Covid-19 restrictions.
- Appropriate checks will be undertaken in respect of visitors and volunteers coming into school as outlined within guidance. Visitors will be expected to, sign in and out via the office visitors log and to display a visitor's badge whilst on site. Visitors will be expected to adhere to any safety arrangements implemented because of Covid-19 restrictions.
- Any individual who is not known or identifiable on site should be challenged for clarification and reassurance.
- The school will not accept the behaviour of any individual (parent or other) that threatens school security or leads others (child or adult) to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the school site.

Appendix 1: Categories of Abuse

All staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with one another.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. They may be abused by an adult or adults or another child or children. It should be noted that abuse can be carried out both on and offline and be perpetrated by men, women and children.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Signs that MAY INDICATE Sexual Abuse

- Sudden changes in behaviour and performance
- Displays of affection which are sexual and age inappropriate
- Self-harm, self-mutilation or attempts at suicide
- Alluding to secrets which they cannot reveal
- Tendency to cling or need constant reassurance
- Regression to younger behaviour for example thumb sucking, playing with discarded toys, acting like a baby
- Distrust of familiar adults e.g. anxiety of being left with relatives, a childminder or lodger □
Unexplained gifts or money
- Depression and withdrawal
- Fear of undressing for PE
- Sexually transmitted disease
- Fire setting

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Signs that MAY INDICATE physical abuse

- Bruises and abrasions around the face
- Damage or injury around the mouth
- Bi-lateral injuries such as two bruised eyes
- Bruising to soft area of the face such as the cheeks
- Fingertip bruising to the front or back of torso
- Bite marks
- Burns or scalds (unusual patterns and spread of injuries)
- Deep contact burns such as cigarette burns
- Injuries suggesting beatings (strap marks, welts)

- Covering arms and legs even when hot
- Aggressive behaviour or severe temper outbursts.
- Injuries need to be accounted for. Inadequate, inconsistent or excessively plausible explanations or a delay in seeking treatment should signal concern.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Signs that MAY INDICATE emotional abuse

- Over reaction to mistakes
- Lack of self-confidence/esteem
- Sudden speech disorders
- Self-harming
- Eating Disorders
- Extremes of passivity and/or aggression
- Compulsive stealing
- Drug, alcohol, solvent abuse
- Fear of parents being contacted
- Unwillingness or inability to play
- Excessive need for approval, attention and affection

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Signs that MAY INDICATE neglect.

- Constant hunger
- Poor personal hygiene
- Constant tiredness
- Inadequate clothing
- Frequent lateness or non-attendance
- Untreated medical problems
- Poor relationship with peers
- Compulsive stealing and scavenging
- Rocking, hair twisting and thumb sucking
