## **Sports Premium Report - July Update 2023/24**

*"Physical activity has numerous benefits for children and young people's physical health, as well as their mental wellbeing (increasing self-esteem and emotional wellbeing and lowering anxiety and depression), and children who are physically active are happier, more resilient and more trusting of their peers." (DFE, October 2021)*

### **Purpose of funding**

Schools must use the funding to make additional and sustainable improvements to the quality of the PE, physical activity and sport they provide. The sport premium must be used to develop or add to the PE, physical activity and sport that your school provides. Alongside this, it must build capacity and capability within the school to ensure that improvements made now are sustainable and will benefit pupils joining the school in future years.

### **Key Indicators**

As a school, we allocate our sport premium with the aim of ensuring an improvement against the following 5 key indicators:

- 1. The engagement of all pupils in regular physical activity**
- 2. The profile of PE and sport is raised across the school as a tool for whole school improvement**
- 3. Increased confidence, knowledge and skills of all staff in teaching PE and sport**
- 4. Broader experience of a range of sports and activities offered to all pupils**
- 5. Increased participation in competitive sport**
